

Arielle E. Anderer

Contact:

The Wharton School, University of Pennsylvania
3730 Walnut Street, Rm. 533.6, Philadelphia PA 19104 USA
Email: aanderer@wharton.upenn.edu

Education:

The University of Pennsylvania, The Wharton School, Philadelphia, PA
PhD Candidate in Operations Management, expected graduation May 2023

Cornell University, College of Engineering, Ithaca, NY

Bachelor of Science in Operations Research, May 2018

GPA: 3.95, Dean's List Fall 2014, Spring 2015, Fall 2015, Spring 2016, Fall 2016, Spring 2017, Fall 2018

Research Interests:

Healthcare Operations Management

Healthcare Analytics

Multi-Armed Bandits & Machine Learning

Data-driven policy evaluation

Under Revision:

- **Adaptive Clinical Trial Designs with Surrogates: When Should We Bother?**

(with Hamsa Bastani and John Silberholz)

1st Place, Pierskalla Award for Best Paper in Healthcare (2019)

1st Place, MSOM Student Paper Competition (2019)

Finalist, Public Sector Operations Research Best Paper Award (2019)

Major Revision, Management Science

Working Papers:

- **Online Learning with Randomized Neural Networks**

(with Hamsa Bastani and Divya Singhvi)

Teaching:

- **University of Pennsylvania, Wharton OID Department** August 2019- present
MBA Program Teaching Assistant, Operations Management: Quality and Productivity (OID 611), Fall 2021
Held office hours, answered student emails, checked and graded homework and exams.
Executive MBA Program Teaching Assistant, Operations Strategy (OID 615), Summer 2021
Held office hours, answered student emails, wrote answer keys for and graded homework and exams.
Undergraduate Program Teaching Assistant, Introduction to Management Science (OID 321), Fall 2019 & Fall 2020
Held office hours, wrote exams and new cases, advised students on final project topics, and graded final projects.
- **Cornell University Department of Operations Research** January 2017- May 2018
Undergraduate and Masters Program Teaching Assistant, Optimization II (ORIE 3310/5310), Spring 2017
Held office hours and graded homework and exams.
Undergraduate Program Teaching Assistant, Engineering Applications of Operations Research (ENGRI 1101), Fall 2017 & Spring 2018
Held office hours, graded homework and exams, and ran the weekly lab covering applications of material.
- **Cornell University Department of Computer Science** August 2015- December 2017
Consultant, Introduction to Computing Using Python (CS 1110), Fall 2015, Spring & Fall 2016, Spring 2017
Answered student questions on course material in office hours, during lab sessions, and via Piazza, and

graded assignments and exams.

Lab Teaching Assistant, Introduction to Computing Using Python (CS 1110), Fall 2017

Ran student lab sessions. Answered student questions on course material in office hours, during lab sessions, and via Piazza, and graded assignments and exams.

- **Cornell Engineering Learning Initiatives** Ithaca, NY August 2015- December 2016
Course Assistant, Introduction to Multivariable Calculus(MATH 1920), Fall 2015, Spring & Fall 2016
Helped run workshops in recitation to help students connect course material to real life applications.

Employment:

- **University of Pennsylvania Center for Health Incentives and Behavioral Economics** June 2017- September 2017
Undergraduate Research Assistant
Worked with Christian Terwiesch, Kevin Volpp, and Kristin Linn on analyzing medication adherence data from patients after admission to hospitals for myocardial infarctions to discover readmissions patterns
- **Cornell University Department of Operations Research** February 2016- December 2016
Undergraduate Research Assistant
Worked with Professor Shane Henderson to create and maintain a repository of simulation optimization problems and algorithms (simopt.org) as well as to analyze the results of running different algorithms on different problems
- **Comcast Philadelphia, PA** May 2015- August 2015
Intern
Worked in the Engineering Analysis Department, helping with Data visualization and analysis as well as some forecasting for their Video on Demand and High Speed Data Networks. Also spent time working with Benjamin's Desk, a co-working space in Philadelphia, through one of Comcast's startup partnerships.

Languages and Skills:

Programming languages - Python, Java, Matlab, R, SQL, AMPL, HTML

Proficient in – LaTeX, Microsoft Office, Tableau, Simio, Knime, Spotfire

Honors & Awards:

- **Bonder Scholarship**, 1st place November 2020
- **MSOM Student Paper Competition**, 1st place November 2020
- **Public Sector Operations Research Best Paper Award**, finalist November 2020
- **Pierskalla Award for Best Paper in Healthcare**, 1st place October 2019
